

H. Stanley Marshall

STAN!! THE SMILING C.E.O. OF FORTIS/BEL!!!!

No wonder you're *still* smiling!!

Fortis/BEL charges we Belizeans such **High** Electricity Rates (3 times higher than what Canadians pay!!) That we end up paying you USD\$2.3 million each year!!!

Guess what, Stan!! We'd rather see this money go to Health Care or Education or Environmental Management!!!

Stan!!! You know Chalillo with its **LIL** 7 megawatts *will not* make us independent of Mexican Energy!!

(Why did we invest USD\$38 million in a transmission line from Belize to Mexico, Stan????)

Stan!! Let's talk jobs!!! You say 125 during construction of Chalillo and a LiL 12 afterwards!!! That doesn't help our job situation in Belize, Stan.....

Studies show Chalillo Dam would make the water in the Macal River unusable, Stan!!!

And we *aren't* smiling about that.

**Fortis Forget It!!!!
The Macal River Is Ours!!
Damn The Dam!!!**
